## February 19, 2019 – Bulletin & Newsletter

### Peace and Conflict Resolution Prevention Month

**Message:** Some of you may have enjoyed a long weekend in celebration of President's Day. President's Day was originally a celebration of George Washington's birthday which was February 22<sup>nd</sup>. It was made a federal holiday in 1885 and now celebrates all presidents on the third Monday of February. We salute the commitment made by our presidents and the challenge of leading in a troubled world, both past and present.

Charlotte Muir, no relation to John Muir, gave us an update on what is happening at the Highlands Biological Station. The station has three different operations to include the Biological Station, Nature Center and Botanical Garden. Many of us have enjoyed the various programs at the station or a nice walk around the lake. We are grateful for Charlotte's efforts as well as the many folks who make this station possible.

Four Way Test  
Is it the truth?  
Is it fair to all concerned?  
Will it build goodwill and better friendships?  
Will it be beneficial to all concerned?
