March 12, 2019 – Bulletin & Newsletter Water & Sanitation Month

Message: You may have noticed the focus for Rotary International for the month of March is Water & Sanitation Month. I think we would all agree that most Americans take clean water and sanitation for granted. This line of thinking changed for our country as we watched the City of Flint, Michigan scramble to provide clean water to their citizens. On an international level, in 1990, 1.26 billion people across the world did not have access to an improved drinking water source. By 2015, this had nearly halved to 666 million. Rotary clubs around the world have contributed to improved access to clean water and we applaud all of those who have participated in this effort.

Commander Clay Hartman (Navy, retired) did a great job of putting us in the cockpit of various Navy airplanes. If you are like me, it is easy to dream of what it would be like to fly off an aircraft carrier but it is the landing that turns my dream into a nightmare. A special thanks to Commander Hartman for sharing his story with us and for his service to our country and now our Highlands community.

Four Way Test
Is it the truth?
Is it fair to all concerned?
Will it build goodwill and better friendships?
Will it be beneficial to all concerned?
